

CANDIDATES FOR THE BOARD OF DIRECTORS 2009

Liz Thomson
125 Kensington Ave. #3
Jersey City, NJ 07304

For the past five years, Liz has been a Vice President in the Real Estate Department of Goldman Sachs in New York. Prior to that, she served as a senior consultant in the facilities management department at Morgan Stanley. She is an architect with Masters degrees from both Catholic University and Columbia University and is a registered architect in New York and a chartered architect in the United Kingdom. As a Professional Fulbright Fellow, she prepared an exhibition on housing for homeless young people in conjunction with the Royal Institute of British Architects. Liz's design experience began as an architect at Skidmore Owings & Merrill in New York where she worked primarily on commercial office space. She has also taught architecture in various capacities in New York City, Kranj, Slovenia and Glasgow, Scotland.

Liz brings a broad range of experience in building design and maintenance to the Board. She continues to be committed to maintaining the value of the owner's investment in a world-class resort property, The Cliff Club, and the Gold Crown status with RCI. Her focus has been on preserving the premier experience for Cliff Club owners and guests and maintaining a proactive relationship with Snowbird Management.

Randolph Abood
1700 South 4650 West
Salt Lake City, UT 84104

Randy lives in New York City, NY and is the owner of two Christmas weeks, three New Year's weeks, five Platinum weeks, and two Gold weeks. He has an LL.M. (Masters in Law in Taxation) from New York University School of Law, a Juris Doctor from Georgetown University School of Law, and a BA in Economics from Bucknell University. He was previously a member of the Board of Trustees for, and President of, The Cliff Club at Snowbird Owners' Association, Inc. He is currently the owner of The Ninigret Group, L.C. of Salt Lake City/New York City, which has developed and co-owned a 600-acre business park in Salt Lake City. He is also a co-owner of Strategic Capital Solutions, LLC. A New York and London based real estate firm. He was on the Board of Directors and shareholder for the Royster-Clark, Inc., which was one of the top 250 of the largest private companies in the United States until it was sold a few years ago. He has served on other Boards of Directors, including one public company and several not for profit corporations.

Randy was previously a partner and head of the tax department for Satterlee Stephens Burke & Burke (law firm) in New York. He has been coming to Snowbird for almost 30 years and continues to have a tremendous fondness for Snowbird.

If re-elected, Randy feels that he can continue to fulfill the mandate of the owners, which is to maintain the highest quality, yet cost efficient time sharing property that we have enjoyed at The Cliff Club. Randy believes that current economic crises could cause Snowbird to make short term decisions that would have long term adverse consequences, and he feels it is important to continue to define and refine the long term goals of the Cliff Club.

Donald Abbott
1575 Spinnaker Drive, #105B-105
Ventura, CA 93001

Don is an Aerospace Engineer (retired) who worked for 30 years in the aerospace industry in a variety of management positions at companies including Ball Aerospace, Lockheed, ITT, Hughes and Allied Signal. Don was the Director of Space Programs for Fairchild Industries.

In 1994, Don developed Abbott & Associates, a private enterprise, to assist companies in achieving excellence in quality including ISO 9000 Certification. Don also taught graduate students at West Coast University and additionally instructed at Learning Tree University on Quality Assurance Processes.

Don and his wife, Fran, live seven months of each year in their home in Ventura, CA and five months in their home in Murray, UT. They purchased a Crest unit (week 52) in 1997 and have been skiing at Snowbird for 20+ years. Their daughter, Tara, is married and lives in Lompoc, CA.

Don has been skiing for 42 years and was a member of the National Ski Patrol at both Arapahoe Basin and Vail, CO. Although Don has skied all over North America and Europe, he chose Snowbird as the place to buy a time share, as he knows Snowbird is the best place in the world for great snow and terrain.

In 2003, Don was elected to the Board of Directors of Mandalay Shores Community Association. Don also volunteers hundreds of hours annually at Channel Islands Nat'l Park as a Naturalist and Island Interpretive Guide. Weekly, Don volunteers at the Ventura County Medical Center's Oncology Ward where he plays classical guitar to patients undergoing infusion treatment.

Don asks for your vote and will strive to maintain the quality and recognition that the Cliff Club is known for. Because Don is retired, he has the time and physical logistics (lives in UT five months each year) to devote to working with the board on behalf of all owners. From contracts, costs, quality or scheduling, Don's background in program management makes him a team player well qualified to assist the board in maintaining the Cliff Club's "Gold Crown" rating.

Evan Tobin
Powder Ridge Unit 1B
PO Box 8103
Alta, UT 84092-8103

Evan owns and operates Tobin Condo Marketing, specializing in luxury rentals in the Alta/Snowbird area including his Powder Ridge condo in Alta, which he has owned since 1991. He also privately rents his cliff club units and units for other owners. Evan owns 20 Cliff Club weeks, both Pinnacle and Crest in the Platinum, Gold and Silver seasons and also owns at the Iron Blossam at Snowbird as well. Evan is extremely familiar with the strengths and weaknesses of the Snowbird timeshares and RCI as he lived in timeshares from week to week in 2006-2007 as he went through his divorce.

Tobin Condo Marketing is a division of TCMC, Technical Computer Marketing Corporation, a management and consulting firm co-founded by Evan over 25 years ago. TCM's client list has included Memorial Sloan Kettering Cancer Center, Ricoh of America, SAIC, Arbitron and many others. He was also the general partner of Hudson Landmark Realty for over 15 years and president of Q.E.D. Systems Ltd.

Evan is a New York native. He was born in Brooklyn, raised on Long Island and lived in Manhattan many years. He is a graduate of Brown University (ScB Applied Math '76) and moved to Utah full time in the 90's. Evan is a resident of Alta and has served for the last 8 years as a trustee of the Alta arts council, a 501c(3) non-profit, Alta Community Enrichment, also known as ACE. He also served a 3 year term as ACE's treasurer and a term as president. Evan was treasurer, then vice president of his condo association for several terms when he lived back east and served a term on his condo board in Alta as well.

Evan has held an Alta/Snowbird dual pass since its inception and is a well known figure in the local community. If elected to the board, he will strive, in this tough economy, to restore and even increase the value of our Cliff Club investments by responding to the needs and concerns of his fellow owners. He enjoys talking and working with other owners.

Jeff Isreeli
146 Dean Street
Brooklyn, NY 11217

My primary goals for being on the Board are to help maintain the quality, convenience and ambience of the Cliff Club and, to the extent possible, to improve on the current arrangements and/or reduce the cost of them. I have traveled extensively (for pleasure and business) and have experienced the ups and downs of different accommodations. Based on this experience, I have found that the Cliff Club provides a unique blend of the hominess and comfort of a traditional owner owned condo with the services of a Five Star hotel. I am very pleased with this experience and want to help in maintaining this environment.

Skiing is definitely my passion. My first trip out west, post college, included Little Cottonwood Canyon pre the founding of Snowbird and I have been coming out regularly ever since. I try to ski upwards of 40 days a year, which includes two week stints (or more) at the Cliff Club. My wife is also a skier and our daughter is a former racer and ski patroller.

My professional experience is largely in financial services (both consulting and management) and dovetails with what I perceive to be an important oversight issue for the Board. I started as an R&D engineer and then switched to the financial services industry where much of my activity has been directed at the insurance industry, as a consultant, analyst and manager. My experience includes heavy financial analysis and financial modeling and I have been an assistant controller and divisional CFO in a pharmaceutical company and insurance company, respectively.

On a practical note, I have renovated two homes doing much of the work myself and have experience in making the design and cost decisions that go along with this. I think this is important when it comes to making some of the decisions about changes and upkeep for the Cliff Club.

Kamran Paydar
351 South Fuller Ave., #5C
Los Angeles, CA 90036
